Rent and Service Charges Review 2022/23

The annual rent review is always tough for our Management Committee Members, and with many challenges ahead for our tenants and for our services, the decision this year was particularly difficult.

After much deliberation, and with so much uncertainty over rising costs, the Management Committee concluded that an average increase of 3.96% was required for 2022/23 to avoid impacting our service delivery. This increase was implemented from 28/03/22 through partial implementation of Year 3 of our 5-year rent restructuring programme. Further information on the rent review process was provided in the review letters issued in February, and our Management Committee once again extend their thanks to all tenants who took the time to respond to the consultation.

If you have any questions about how your rent is set, or if you have any concerns about paying your rent, please contact us as soon as possible for assistance on **0141 331 6650** or email admin@glasgowwestha.co.uk

Service Charges

In 2021/22 service charges were reduced in many of our developments due to a combination of lower prices resulting from re-tendered contracts, and to service costs being offset by surpluses accumulated in times when services were not delivered due to Covid-19 restrictions. With greater stability in the delivery of common area services this last year, the charges for 2022/23 closer reflect actual costs, and unfortunately in many instances this presented as a much higher charge/increase in direct comparison to 2021/22. We are aware that this is quite a complex issue so please do not hesitate to contact our offices if you would like us to talk this through with you in more detail.

Have Your Say

Sign Up Packs Consultation

Thank you to everyone who participated in our recent consultation on our sign up packs for new tenancies. All feedback is now being reviewed and an update will be provided in future editions of the newsletter and on our website.

If you are interested in taking part in our next consultation in July on our Anti-Social Behaviour service (specifically our service agreement with Glasgow City Council's Community Relations Unit), please let us know by emailing admin@glasgowwestha.co.uk or call **0141 331 6650**.

Save with Rent Consultation Feedback

Thank you to everybody who gave feedback to our Save with Rent consultation. Majority of participants felt that the savings incentives were fair and agreed it encouraged them to continue saving. Some tenants thought the potential savings could be promoted more and we will look at this for our future editions.

Major Works Update

Smoke Alarms and Electrical Testing

Our plans for essential smoke detector installations and electrical safety checks are now underway to bring homes up to the new required standard. In some instances this may result in 2 separate visits from contractors, depending on the work required. Our contractor will be in contact with you directly over the coming months to arrange an appropriate time to visit. We appreciate your co-operation in allowing access.

Window Replacements

The contract for replacing windows in 52 properties will be awarded imminently. This investment will help reduce heat loss and lower energy bills. If your home is included in this programme, our contractor will be in touch to arrange a visit to measure the windows in the coming weeks, with installation visits planned this Summer. If you have any issues with arranging access please let the contractor know and they will do their best to arrange a suitable time.

Stonework Repairs

Essential work to the stonework on our Byres Road properties was completed in January, with further reinstatement works scheduled for the summer months.

As part of our stonework strategy we will be starting investigation works in the Anderston area, including Pembroke and Dorset Street.

If you have any queries about upcoming works or access arrangements please call **0141 331 6650** or email technical@glasgowwestha.co.uk. Our Services Code of Conduct and Major Works and Investment Factsheet is available to view on: www.gwha.org.uk.

Asbestos Awareness

Asbestos has been used in the construction and modernisation of housing for many years in Glasgow. Although it may sound alarming to know that asbestos is present within your home, it is largely safe if left untouched.

- We have established processes in place to ensure you are aware if there is asbestos in your property.
- If you plan on carrying out alteration works within your home, and need a reminder of where asbestos is located, let us know in advance and we will provide this information. Any essential works in areas where asbestos is known to be present, will be completed by GWAHA in accordance with health and safety regulations. This includes the removal of asbestos in some instances.

Read our full Asbestos Management Plan on our website: www.gwha.org.uk or call us on **0141 331 6650** if you have any concerns or if you need further advice.

Recover, Reuse and Recycle

Since the withdrawal of the Local Authority service, we've been working with Total Homes to address fly tipping, pro-actively uplift bulky waste items, and to improve your neighbourhoods. Here are some of the key facts relating to the initiative.

The following graph provides an overview of the types of items uplifted:

Thank you for your help with reporting your uplifts and supporting this initiative. If you have any household bulk please contact Total Homes on **0141 556 7085** or by emailing info@totalhomes.com

'You Said, We Did' highlights the impact your comments and complaints have on the future service we provide. Below are some of the changes we have made in the last few months.

Tenant had to contact us as a member of staff did not appear for an arranged home visit, due to this not being in their diary.

We have updated our procedures so that appointments are booked into diaries by other members of staff.

Several complaints about repairs contractors not appearing when appointment was arranged.

We have discussed these issues with our contractor and are working closely with them to ensure these appointments are kept and updates issued where a change is necessary.
